

#1000youngdirectors

igniting new leadership

THE BUSINESS CASE

Why promote #1000youngdirectors on boards?

The community sector is in need of quality board directors who understand the sector's challenges, their governance responsibilities and have the vision to lead organisations through complex times.

**NEARLY HALF A MILLION
DIRECTORS NEEDED**

With 60,000 NFP organisations across Australia, that is at least 480,000 directors needed at any one time.

**DIVERSITY IMPROVES
PERFORMANCE**

Diversity including age, gender and culture have been linked to improved outcomes, financial performance, innovation, reputation, decision making and collective intelligence.

**PROGRESS IS SLOW AND
NEEDS CHAMPIONS**

Champion this campaign in your workplace, share it with young professionals in your networks and expand your board recruitment processes to consider more age diversity.
